- General and administrative expenses improved \$3.4 million, or 10.6%, from last year's first quarter and improved 390 basis points to 14.9% of revenue.
- Adjusted EBITDA of \$28.9 million increased \$5.3 million from \$23.6 million in the 2020 first quarter and adjusted EBITDA margin increased 110 basis points to 14.9% from 13.8%.

"Our results reflect a strong rebound from the global downturn. Record net revenue in the first quarter marked a double-digit improvement both sequentially and year over year, driven by broad based strength across all businesses and geographies," stated Heidrick & Struggles' President and Chief Executive Officer, Krishnan Rajagopalan. "This strong growth coupled with savings in general and administrative expenses resulted in significant improvements in overall profitability with adjusted operating margin of 12.1%, the highest since 2008."

Mr. Rajagopalan continued, "We are also very excited to welcome BTG to Heidrick & Struggles and to offer our clients a full spectrum of executive and high-end on-demand talent solutions – a key strategy we set out to achieve – as we make the future of work a reality today. We look to build on our momentum as we execute our 2021 initiatives to grow our scale and impact with clients, expand our suite of leadership solutions and capabilities, and invest in new innovative, tech-driven offerings to drive future growth and shareholder value."

2021 First Quarter Results

Consolidated net revenue was a record \$193.7 million in the quarter compared to \$171.5 million in the 2020 first quarter, an increase of \$22.2 million. Excluding the impact of exchange rate fluctuations which positively impacted results by \$4.7 million, or 2.5%, consolidated net revenue increased \$17.5 million or 10.2%. Net revenue was driven by growth across all regions in Executive Search, partially offset by Heidrick Consulting.

Executive Search net revenue increased 15.5%, or \$24.2 million, to \$179.6 million compared to \$155.5 million in the 2020 first quarter. Excluding the impact of exchange rate fluctuations which positively impacted results by \$4.3 million, or 2.4%, Executive Search net revenue increased \$19.9 million. Net revenue increased 16.2% in the Americas (increased 16.5% on a constant currency basis), increased 13.8% in Europe (increased 4.8% on a constant currency basis) and increased 15.4% in Asia Pacific (increased 8.2% on a constant currency basis). Growth in the Healthcare & Life Sciences, Industrial, Financial Services and Global Technology Services practices was offset by reductions in the other industry practices.

There were 373 Executive Search consultants at March 31, 2021 compared to 396 at March 31, 2020 and 361 at December 31, 2020. Productivity, as measured by annualized Executive Search net revenue per consultant, was \$1.9 million compared to \$1.6 million in the 2020 first quarter. The average revenue per executive search was \$112,900 compared to \$118,600 in the 2020 first quarter, while the number of confirmed searches reached a new record for the Company and increased 21.4% compared to the year-ago period.

Heidrick Consulting net revenue was \$14.0 million compared to \$16.0 million in the 2020 first quarter, a decrease of \$2.0 million. Excluding the impact from exchange rate fluctuations which positively impacted revenue by \$0.4 million, or 3.0%, Heidrick Consulting net revenue decreased \$2.4 million. There were 64 Heidrick Consulting consultants at March 31, 2021 compared to 70 at March 31, 2020 and 65 at December 31, 2020.

Consolidated salaries and benefits expense increased by 16.7%, or \$20.3 million, to \$141.4 million from \$121.1 million in the 2020 first quarter. Fixed compensation expense increased by \$0.2 million primarily due to increases in the deferred compensation plan partially offset by decreases in base salaries and payroll taxes and lower talent acquisition and retention costs. Variable compensation increased \$20.1 million, primarily due to the record revenue performance in the quarter. Salaries and benefits expense was 73.0% of net revenue for the quarter compared to 70.6% in the 2020 first quarter and 75.0% in the 2020 fourth quarter.

General and administrative expenses decreased by 10.6%, or \$3.4 million, to \$28.8 million from \$32.2 million in the 2020 first quarter, primarily due to office occupancy and travel and entertainment partially offset by increases in professional services, bad debt and the use of external third-party consultants. As a percentage of net revenue, general and administrative expenses were 14.9% compared to 18.8% in the 2020 first quarter and 17.0% in the 2020 fourth quarter.

The Company recorded a restructuring charge of \$3.9 million in the 2021 first quarter primarily related to the timing of office closures associated with the Company's real estate strategy. Including this charge, operating income was \$19.6 million compared to \$18.2 million in the 2020 first quarter. Operating margin was 10.1% in the 2021 first quarter compared to 10.6% in the 2020 first quarter. Excluding the restructuring charge, adjusted operating income was \$23.5 million and adjusted operating margin was 12.1%.

Other non-operating income, net, was \$3.1 million compared to \$4.4 million of expense in the 2020 first quarter. The additional income is due to a \$1.7 million gain on warrants received in exchange for executive search services performed in prior periods and a \$1.0 million gain on the Company's deferred compensation plan. Investments, including those held in the Company's deferred compensation plan, are recorded at fair value, which improved significantly during the three months ended March 31, 2021.

Net income in the 2021 first quarter was \$14.8 million and diluted earnings per share was \$0.74 with an effective tax rate of 34.9%. This compares to net income of \$8.7 million and diluted earnings per share of \$0.44 with an effective tax rate of 39.8% in last year's first quarter. Excluding the previously mentioned restructuring charge, adjusted net income was \$17.4 million and adjusted diluted earnings per share was \$0.86

Net cash used by operating activities was \$142.6 million in the 2021 first quarter compared to \$165.6 million in the 2020 first quarter. Cash, cash equivalents and marketable securities, net of debt, at March 31, 2021 were \$184.1 million, compared to \$336.5 million at December 31, 2020, and \$151.0 million at March 31, 2020. The Company's cash position typically builds throughout the year as employee bonuses are accrued, mostly to be paid out in the first quarter.

Acquisition of Business Talent Group

On April 1, 2021, the Company acquired BTG a leading marketplace for high-end independent talent on demand. The acquisition builds on a successful two-year exclusive collaboration with BTG that began in 2019. BTG, which generated revenue of approximately \$50 million in 2020, was acquired for an initial consideration of \$32.6 million paid in the 2021 second quarter with an anticipated future payment in 2023, subject to the achievement of certain agreed upon financial performance targets. With this acquisition, Heidrick & Struggles is the first global leadership advisory firm to offer the full spectrum of executive and high-end talent solutions – from on-demand, independent professionals to interim executives to permanent placements – together with its consulting services.

Dividend

The Board of Directors has declared a 2021 second quarter cash dividend of \$0.15 per share payable on May 21, 2021 to shareholders of record at the close of business on May 7, 2021.

2021 Second Quarter Outlook

The Company expects 2021 second quarter consolidated net revenue of between \$215 million and \$225 million, while acknowledging the continued fluidity of the COVID-19 pandemic that may impact quarterly results. In addition, this outlook is based on the average currency rates in March 2021 and reflects, among other factors, management's assumptions for the anticipated volume of new Executive Search confirmations, Heidrick Consulting assignments, BTG projects and the current backlog, consultant productivity, consultant retention, and the seasonality of its business.

Non-GAAP Financial Measures

To supplement the financial results presented in accordance with generally accepted accounting principles in the United States ("GAAP"), Heidrick & Struggles presents certain non-GAAP financial measures. A "non-GAAP financial measure" is defined as a numerical measure of a company's financial performance that excludes or includes amounts different than the most directly comparable measure calculated and presented in accordance with GAAP in the statements of comprehensive income, balance sheets or statements of cash flow of the Company. Pursuant to the requirements of Regulation G, this earnings release contains the most directly comparable GAAP financial measure to the non-GAAP financial measure.

The non-GAAP financial measures used within this earnings release are adjusted operating income, adjusted operating income margin, adjusted net income, adjusted basic and diluted earnings per share, adjusted effective tax rate, adjusted EBITDA, adjusted EBITDA margin and impacts of foreign currency on current period results using prior period translation rates. These measures are presented because management uses this information to monitor and evaluate financial results and trends. Management believes this information is also useful for investors.

Reconciliations of these non-GAAP financial measures with the most directly comparable measures calculated and presented in accordance with GAAP are provided as schedules attached to this release.

Adjusted operating income reflects the exclusion of restructuring charges.

Adjusted operating income margin refers to adjusted operating income as a percentage of net revenue in the same period.

Adjusted net income and adjusted diluted earnings per share reflect the exclusion of restructuring charges, net of tax.

Adjusted effective tax rate reflects the exclusion of restructuring charges, net of tax.

Adjusted EBITDA refers to earnings before interest, taxes, depreciation, intangible amortization, equity-settled stock compensation expense, contingent compensation related to acquisitions, restructuring charges and other non-operating income (expense).

Adjusted EBITDA margin refers to adjusted EBITDA as a percentage of net revenue in the same period.

The Company evaluates its results of operations on both an as reported and a constant currency basis. The constant currency presentation is a non-GAAP financial measure, which excludes the impact of fluctuations in foreign currency exchange rates. The Company believes providing constant currency information provides valuable supplemental information regarding its results of operations, consistent with how it evaluates its performance. The Company calculates constant currency percentages by converting its financial results in a local currency for a period using the average exchange rate for the prior period to which it is comparing. This calculation may differ from similarly-titled measures used by other companies.
