Explanation of Responses:

1. Represents the target number of Performance Stock Units. The actual number of shares to be issued, which could range from 0 to 175 percent of the initial target amount, will depend upon, among other things, the issuer's financial performance during the relevant performance period compared to that of a selected peer group. The shares, if any, will be issued 36 months from the grant date.
2. This award vests ratably over three years. Upon vesting, these shares automatically convert into an equal number of shares of Company common stock.
3. As Restricted Stock Units automatically convert upon vesting, there is no expiration date for this award.
